Neck

Find a shirt with a collar that fits well. Unbutton the shirt and lay it flat button side up. Measure from the center of the collar button to the far end of the buttonhole. Or, to measure neck instead of a shirt, place a tape measure around neck. Slip two fingers inside tape measure for a comfortable fit.

Chest

Measure around upper body just under arms, across shoulder blades while holding tape measure firm and level.

Sleeve Length

With arm relaxed at side and slightly bent, measure from the center of the back of your neck, over point of shoulder, down the outside of the arm to the wrist.

If you don't have a measuring tape, use a piece of string and hold it alongside a ruler.
