BIG BLUE

Whole house filtration system

PRODUCT UNIQUENESS

Big Blue is very user friendly and comes complete with a tool to easily remove the housing when you want to replace or inspect your cartridges. The filter housing is supplied with a free standing bracket, brass air bleeder valve fitted to each filter for easy cartridge change and improved threaded housing connector, no need for teflon tape. There is a place to fit a gauge if you require a gauge in each filter and it comes standard with a 1" BSP inlet & outlet which can be reduced down in size very easily with a reducer.

NEW THREADED CONNECTOR WITH TWO O-RINGS

PROTECT HOME

Protect home appliances improves the durability, efficiency and lifespan of your water appliances and saves money on lower energy costs.

ANTI-ODOR

Protects your family from exposure to unpleasant odors and chemicals at every outlet leaving you with a healthier hair and skin.

QUALITY DRINKING WATER

Get unlimited healthy and delicious drinking water at home - excellent for cooking, making soups, coffee and tea brewing and much more.

HEALTHY PETS

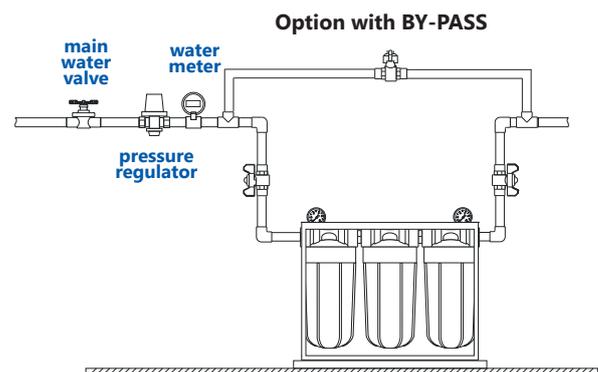

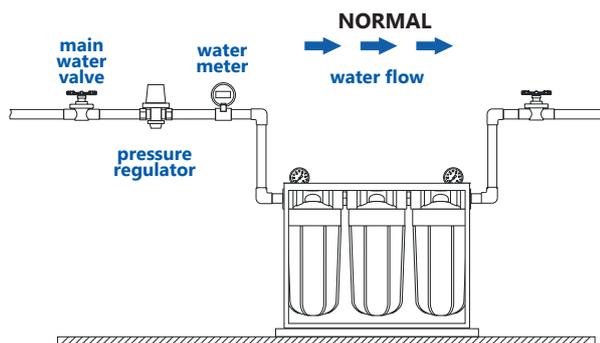

Dechlorinate drinking water and protection against giardia and other cysts.

PLANTS

Chlorine free water for indoor and outdoor applications.
