

Technical data Sheet

REV 00 of 20.10.2012

DEKORWACHS

DESCRIPTION:

Beeswax and carnauba wax, special for Shabby vintage effects. Colored with natural pigments, it gives to treated surfaces intense coloration and patinas. It's active natural substance nourishes /protects wood giving an antique/decapè effect to treated furniture.

CHEMICAL/PHYSICAL CHARACTERISTICS:

Form:	paste
Colour:	coloured
Odour:	typical
Solubility:	Solwachs

HOW TO USE:

Apply directly the product, by brush, on dry chalk paint. Wait for some instant, then remove eventual excess by cloth. Let act for 10/20 minutes, then proceed with polishing. Further applications of dekorwachs, enhance protection and intensity of decapè effect on wood.

STORAGE:

Keep the original packaging tightly closed in a cool, ventilated place, away from flames and sparks.

PACKAGING:

The product comes in 500 mL and 5 Lt sized cans.

WARNING:

Our data sheets are prepared on the basis of average performance of our tests. However, our technical advices are given in good faith but without any warranty. In fact different supports, conditions of application, industrial plants, dilutions are determinant for the final result, and are often beyond our control. The user must try the product to see if it is suitable for his needs.

We will ensure the continuity of the chemical-physical properties.
