SEGUIN

3490

a LES GEORGE design

With Les George, functionality is always Job 1. You'll see that on full display in the new Seguin ("sig-EEN") from Les and Kershaw. It has everything you expect from Les' knives and more. The 3.1-inch blade is a perfect, mid-sized option for a full range of cutting tasks. Yet it also offers eye-catching style with its heavily machined, grip-enhancing steel handles.
