

EVS 3110

Part no.: 921823

Product description: EVS 3116-A-0300-000

Characteristic	Value / Characteristic / Information
Additional measuring couplings	Yes
Aux. feature production plant	
Electrical connection	M12x1 /4p
Flow max value	300,00
Flow min value	0,000
Material of housing	Stainless Steel
Measuring principle	Turbine flow meters
Output signal	4..20mA (2-conductor)
Product responsible	HE Electronics
