How to Measure

For the best fit, measure under your undergarments using a tape measure.

Neck

Measure around your neck just above your collarbone, and add ¼ inch to the measurement (or just put one finger between the tape and your neck). Round up to the closest ½ inch neck size.

Chest

Measure under the arms around the fullest part of the chest, keeping the tape measure comfortably loose.

Sleeve

Hold your arms relaxed at your side (slightly bent at the elbow) and measure from the center back of the neck, over the point of the shoulder, and down the outside of the arm to the wrist. It's easier if someone helps you.

Hips

Stand with heels together and measure around the fullest part of the hips.
