RICON® CLASSIC LINE

The Industry Standard for Value and Performance

KlearVue™ Model —
Platform automatically
and safely folds horizontally
for unobstructed driver
and passenger views.
Accommodates longer lift
platform inside a standard
door opening, ideal for side
and rear-door applications.

Innovation and Leadership Since 1971

Ricon Corporation is dedicated to the design and manufacture of innovative commercial access products that meet the growing demands of the transportation industry. Operating from modern facilities in Los Angeles, CA and Elkhart, IN, Ricon is the largest manufacturer of its kind in the world and a subsidiary of Wabtec Corporation and Faiveley Transport, leading global providers for the passenger transit and freight rail industries.

All Ricon paratransit designs are tested to meet or exceed the most rigorous elements of FMVSS 403/404, 49 CFR, part 38 (ADA), CSA D409, and the California Vehicle Code (CA Title 13).

Roller Bracket — Secures K platform folding brackets and locks outboard rollstop in place for quiet ride.

Linkage Springs —
Reinforced springs
provide reliable performance
on uneven surfaces.

Classic Performance, Reliability and Value

Safety, dependability and a space-saving footprint are important considerations when choosing wheelchair lifts to serve the growing community of mobility-challenged passengers, driver operators, school districts, transportation agencies and the OEM installer. Featuring the industry-leading Ricon Safety Zone, Classic S-Series and K-Series wheelchair lifts provide secure and reliable access transporting passengers across town or children to and from school. The standard for performance, value and ease of use, lightweight Classic designs comply with all applicable ADA and FMVSS regulations.

- 800-pound lift capacity
- KlearVue[™] model maximizes visibility
- Easy to operate and maintain
- Automatic inboard/outboard rollstops
- Patented Sto-Loc[™] technology
- Handrail-mounted platform lights

- Stainless steel fittings
- Lubrication-free bearings and pins
- Built-in manual backup system
- FMVSS and ADA compliant
- 5-year limited warranty

Designed for "DOT PUBLIC USE" vehicles.

THE RICON SAFETY ZONE

Surrounds passenger with industry-leading safety features to optimize security during lift operations.

- Patented fully interlocked restraint belt system
- Contoured handrails with platform lighting
- Inner and outer rollstop barriers and side rails

Ricon Classic S-Series and K-Series Lifts Deliver Reliable Performance by Design.

Manual Backup System – Hand pump mechanism provides manual operation in case of power loss.

Hydraulic Cylinder Controls -

Easy-to-reach flow control valves eliminate need to remove hose or fitting to provide years of worry-free operation.

Melonite® coated pins with Teflon® coated bearings require no lubrication.

Magnetized Hand Control Pendant

 Convenient control pendant design attaches directly to the frame when lift is stowed or loading.

■ Inboard Rollstop –

Automatic inner barrier.

Patented Sto-Loc™
Technology — Prevents lift drift (located on reverse side of the inboard rollstop).

Rugged 800-Pound Lift Platform — Durable gray powder coat finish complements most

Cycle Counter– Tracks usage for service and maintenance.

Easy-Grip Contoured Handrails with Platform Lighting

■ Occupant Restraint Belt
System — Patented fully
interlocked Ricon occupant
restraint belt system combines
with dual handrails, inner and
outer rollstop barriers and
side rails for industry-leading
passenger security. Lift will
not operate unless belt is
securely fastened.

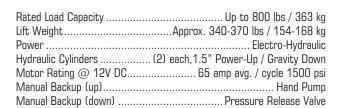

Spring-Loaded Outboard
Rollstop — Outer rollstop
features durable one-piece
extruded aluminum design
and mechanical actuator for
smooth operation on widest
range of surfaces.

RICON® CLASSIC LINE

- Audible/Visual Threshold Warning Display
- Optical Threshold Warning Sensors
- Inboard Rollstop Interlock
- Automatic Inner Barrier Rollstop
- Two-Tiered Outer Barrier
- Onboard Platform Lighting
- Cycle Counter
