

# Robotic pool cleaner

## Raptor Classic HJ2032

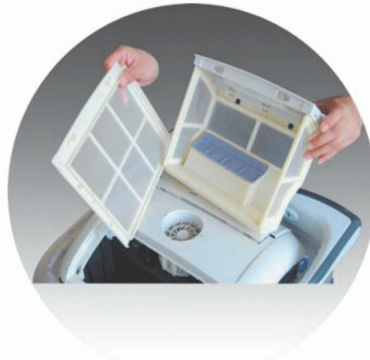

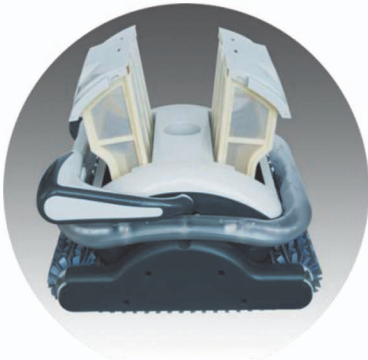

Raptor Classic is a wall climbing pool cleaner with highlighted feature of robustness and high efficiency.

With **two filter baskets in the topside**, you can easily take out the filters and wash conveniently.

It has **3 automatic cleaning cycles** to allow you to clean your pool according to your pool situations (size/pollution level/shape, etc).

**You will also find an original design, the shining LED bar (Optional)** around the cleaner body to illuminate your pool while working and offer you a cozy and delightful atmosphere...

Option: LED & Caddy

### Main features

- Top access to filter basket, easy to handle.
- High Efficiency and energy saving due to powerful motor and selectable cleaning cycles.
- Extremely simple to use and maintain
- Equipped with PVC spike brush, helps to scrub the pool surface for an effective cleaning.
