Wiha – Electrotechnical accessories

One packaging Multiple ways of use!

...in stock

...on the double hook

...on the shelf

...on the counter

Advantages for the buyer

Facilitates your handling. Focuses on the relevant information with distinctive icon language. **Saves time.** Quick selection of the required articles when buying, in the workshop and on the construction site. **Saves time.** Reduces the risk of incorrect article selection. **Saves time.** Simple selection of the required sizes. **Simplifies your work.** Concept with recognition values across all articles.

Advantages for the dealer

Increases your flexibility. One package – 4 possibilities: - On the shelf - On the double hook - On the counter - In the warehouse. **Increases your flexibility.** No separate storage system required - Storage-ready packaging including all relevant information. **Saves time.** Optimum use of space in small parts storage thanks to two carton sizes.

For a safe connection.
Quick orientation guaranteed!

- **Increases your process safety:** Consistently high processing quality for permanent safe contact.
- **Makes handling easier:** Quick, easy cable insertion thanks to funnel sleeve.
- **Increases your safety:** High thermal resistance up to 105 °C. Cable breakages prevented thanks to protected individual wires.

For a safe connection. Comprehensive sets for mobile use.

There are many pitfalls in conventional wiring installation. All-too-familiar problems include wires skinned incorrectly, twisted crimps in the pliers or poorly pressed sleeves. The comprehensive set by Wiha provides you with the right professional tools, including a wide selection of the most commonly used connectors and wire end sleeves, clearly arranged in an assortment case for portable use or for vehicles.

Wiha's automatic stripping pliers promise to deliver „Skinning made easy“. Users can skin cables ranging between 0.03 and 16 mm² with just one set of pliers.

The automatic crimping pliers with hex crimping can handle wire-end sleeves between 0.08 and 16 mm² and twin wire end sleeves up to 10 mm².

The automatic crimp tool for insulated cable eyes and contacts is designed for a crimping range between 0.5 and 6 mm² and thus covers most applications in the small and medium cable gauge range.

Wiha's standard-compliant wire end sleeves and connectors offer heat resistance up to 105 °C.

- **Increases your efficiency:** Automatic stripping and crimping tool for a wide range of coverage from 0.08 - 16 mm². Comprehensive assortment of wire end ferrules and cable connectors in a clear and mobile assortment box.
- **Increases the quality of your work:** Gas-tight connections thanks to perfect combination of professional tools and high quality connectors.

Stripping and crimping tool set 4-pcs

with connection elements, 2,600 units,

Stripping and crimping tool set 5-pcs.

with wire end sleeves, 500 units,
in L Boxx Mini

	Ord.-No.
Colour code 1 (FR)	43985
Colour code 2 (DE)	43986
Colour code DIN	43987

- **Increases the quality of your work:** Gas-tight connections thanks to perfect combination of professional tools and high quality connectors.
- **Increases your efficiency:** Automatic stripping and crimping tool for a wide range of coverage from 0.08 - 16 mm².
- **Simplifies your work:** Simple removal and safe storage thanks to dispenser with latching stud key fastener.
- **Increases your efficiency:** Ideal for carrying around thanks to the compact, stackable dispenser.

For a safe connection. For clean cable ends.

Automatic crimp tool

- **Lowers your costs:** An integrated lever enables users to interrupt the crimping process at any time to protect the pliers.
- **Increases your safety:** Safe work through feed aid prevents crimping the plastic cover of wire-end sleeves.
- **Makes handling easier:** Thanks to hexagonal crimping, small wire-end sleeves no longer get caught.
- **Increases your efficiency:** Automatic adjustment of wire-end sleeve size with suitable crimping force for a large coverage area of 0.08-16mm².

for wire-end sleeves hex crimping

mm	mm ²	AWG	Ord.-No.
210	0,08-16	28-5	41246

For processing wire-end sleeves with and without insulating collar as per DIN 46228, EN 50027.

Crimpwerkzeug

for wire-end sleeves

mm	mm ²	AWG	Ord.-No.
220	0,14-16	26-5	33844

For processing of wire-end sleeves with and without isolating collar according to DIN 46228, EN 50027.

for insulated cable eyes and contacts

mm	mm ²	AWG	Ord.-No.
220	0,5-6	20-10	33841

For processing of red, blue and yellow isolated cable eyes, pin-end cable connectors, contact pins, contact pin sleeves, circular pins, circular pin sleeves, batch connectors and parallel connectors according to DIN 46234.

- **Increases your safety:** Safe working through automatic pressing adjustment.

Stripping tool automatic

- **Lowers your costs:** Long-lasting and robust thanks to metal blade insert.
- **Protect your health:** Damper enclosed for large cable cross-sections to reduce recoil and protect wrists.
- **Spart Zeit:** Blades quickly exchanged by immediately available replacement blades in the handle.

up to 16 mm² in blister pack
