

Dear Customer

we are proud to announce that our range of CB HC cubes has expanded with the **B-Qube** which is available from **June 2020**, as models **CB 249 HC**, **CB 425 HC** and **CB 640 HC**.

Synthesis of elegance and functionality, trendy and multipurpose. Used in shaken and filtered drinks, in stir or cocktail builds.

B-Qube's characteristics are transparency and purity, obtained thanks to the spray technology that has distinguished Brema Ice Makers for years and thanks to the high cleanliness standards, confirmed also by the **NSF certification**.

That's why Brema can say that **#ICE is Food**.

Do not hesitate to contact us for further information.

Best regards

Brema Group S.p.A.
