

ZEPHYRO

Sistema Decorativo ad Effetto Sabbia Metallizzata

The image shows a brown, textured wall with three gold-framed circular mirrors of different sizes. A lamp with a black shade and a silver base sits on a light-colored shelf in the lower-left corner. The text is centered within the largest mirror.

Come un maestoso vento di sabbia preziosa,
Zephyro è una Pittura Decorativa a base di
selezionati granelli di ceramiche, avvolti da una
preziosa miscela di oro o di argento, creano un
esclusivo effetto sabbia metallizzata.

Zephyro esalta lo stile moderno
e riaccende quello classico.

Decorative System Sandy Metallic Effect

Like a strong wind of precious sand, Zephyro is a decorative paint based on selected ceramic grains, wrapped in a precious gold or silver mixture, creating a unique sandy metal effect. Zephyro enand brings back the classic style.

Декоративная система с песочным металлическим эффектом

Эффект драгоценного песка, рассыпанного сильным ветром, ZEPHYRO - это декоративная краска на основе отборных керамических гранул в золотой или серебряной металлической массе. ZEPHYRO создает современный стиль, украшает классический.
