Profile Shank-Type Cutters

1. Quarter Round Cutters
2. Ornamental Groove Cutters
 - Diameter < 20mm
 - Diameter > 20mm
3. Miscellaneous Profile Cutters
4. Chamfering Cutters

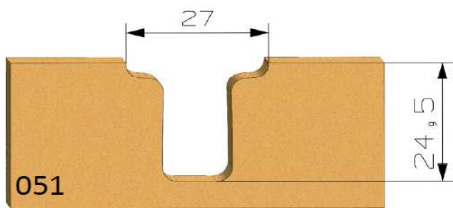

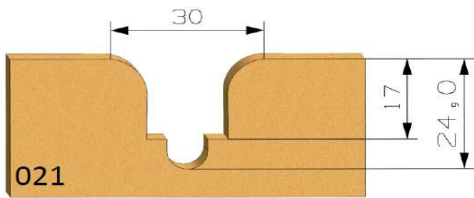

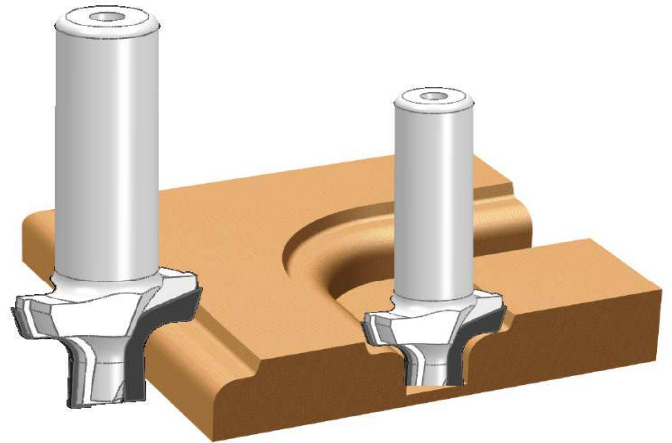

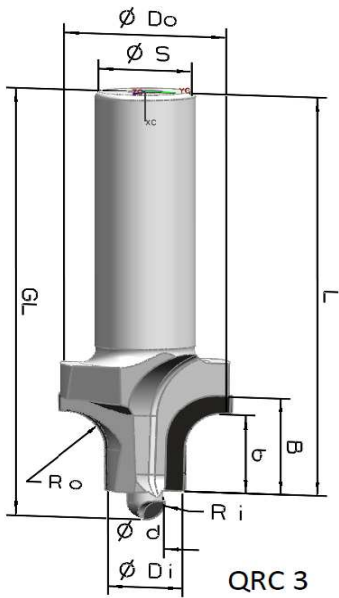

Machine / Application:

CNC routers for profiling of raw and laminated panels

Advantages:

overlap-free cut thanks to continuous PCD tablets | optimum cutting quality in MDF thanks to polished cutting edge face | optimum edge quality thanks to shear angle
