

BLACK CAT
WEAR PARTS

END BITS

for Applications on Caterpillar® Equipment

- HighSpec Alloy X14 Steel
- Impact rib built into the high wear area
- More wear material in the critical areas
- Machined surfaces enable superior fit
- Maximum depth countersinking protects the bolt head

Efficient processes and “state of the art” foundry practices allow for competitive pricing of quality parts. In house metallurgical staff and testing facilities ensure quality and consistency in all of our finished products. The results are Quality Wear Parts that offer excellent value to the customer every time.
