

**Introduction**  
Congratulations on your purchase and welcome to Philips! To fully benefit from what Philips offers, register your product at [www.philips.com/welcome](http://www.philips.com/welcome).

**Important information**  
Read this important information carefully before you use the appliance and save it for future reference.  
This appliance has been designed for domestic use only. Any commercial use, incorrect use or failure to comply with the instructions, the manufacturer accepts no responsibility and the guarantee will not apply.

**Danger**  
Never immerse the appliance in water.

**Warning**

If the voltage indicated on the appliance corresponds to the local mains voltage before you connect the appliance.

- Do not use the appliance if the plug, the mains cord or the appliance itself shows visible damage or lack of insulation.

- Do not immerse the iron (or ferric iron) base in water.

If the mains cord is damaged, or if similar qualified persons in order to avoid a hazard:

- Do not allow children to play with the appliance.

Older children aged 8 and over are only allowed to clean the appliance and perform minor maintenance tasks.

Keep the iron's mains cord out of the reach of children less than 8 years of age when the appliance is switched on or cooling down.

Always place the base (for ferric iron) and use the iron on a stable, level and horizontal surface.

The iron must be used and placed on a flat, stable, heat-resistant surface. When you place the iron on its heel or stand, make sure that the surface on which you place it is stable.

- Do not let the mains cord come into contact with the hot soleplate of the iron.

(For cordless models) Do not let the steam iron get damaged. The steam iron is designed for cordless ironing only.

**Warning: For iron models with Quick Calc Release**

- Do not open and remove the Quick Calc Release collector from the appliance during use.

- Do not use other collectors on the appliance than the Quick Calc Release collector.

- Do not fill water at the channel of the Quick Calc Release opening.

- Do not insert your finger or pointed objects into the Quick Calc Release opening.

**CAUTION: Hot surface (Fig. 1)**  
Surfaces are liable to get hot during use (for irons with 'hot' symbol marked on the appliance).

**Cautions**

- Only connect the appliance to an earthing wall socket.

- Check the mains cord regularly for possible damage.

- Fully unwind the mains cord before you plug it in the wall socket.

The soleplate of the iron can become extremely hot and may cause burns if you touch it.

- Descaling the iron regularly according to the instructions in chapter 'Cleaning and maintenance' in the user manual.

When you have cleaned the soleplate with soap and water, when you fill or empty the water tank and when you leave the iron even for a short while, set the steam control to the 'dry ironing' position, put the iron on its heel and remove the mains plug from the wall socket.

Type of water to use: The appliance is suitable to be used with tap water.

However, if you use distilled water or demineralized water, this will prevent fast scale build-up and prolong the lifetime of the appliance.

- Do not put hot water, vinegar, starch, descaling agents, ironing aids or other chemicals in the iron tank.

- The plug must not be connected to a socket with the same technical characteristics as plug.

- The filling hole must not be open during operation.

**Electromagnetic fields (EMF)**

This Philips appliance complies with all applicable standards and regulations regarding exposure to electromagnetic fields.

**Recycling**

The iron (Fig. 2) means that this product shall not be disposed of with normal household waste (2012/19/EC).

Follow your country's rules for the separate collection of electrical and electronic products. Correct disposal helps prevent negative consequences for the environment.

**Guarantee and support**

If you need information or support, please visit [www.philips.com/support](http://www.philips.com/support) or read the separate worldwide guarantee leaflet.
