12	Products not intended for direct skin contact, minimal or insignificant transfer to skin	100.0000 %

PLEASE NOTE:

For use in other applications or use at higher concentration levels, a new safety evaluation may be needed. Please contact us.

The IFRA Standards regarding use restrictions are based on safety assessments by the Panel of Experts of the Research Institute for Fragrance Materials (RIFM) and are enforced by the IFRA Scientific Committee.

Evaluation of individual fragrance ingredients is made according to the safety standards contained in the relevant section of the IFRA Code of Practice.

It is the ultimate responsibility of our customer to ensure the safety of the final product (containing the fragrance) by further testing if needed.
