## BL-IS

The BL-IS is a Bluetooth® and AC powered irrigation controller. It's the perfect solution for indoor installations like in a technical room, a garage, or any indoor places. Controlled remotely from a smartphone and/or a tablet with the application MySOLEM mobile version. From an internet navigation on a computer, open MySOLEM.com platform and program your BL-IS, then in a second time, go to the BL-IS controller to transfer programs by Bluetooth®.

### 2 types of programming (per station or per program)

Choose your type to realize programs from the simplest to the most successful.

### It's the last time you will have to open your technical room !

The BL-IS is remotely controllable with your smartphone or via MySOLEM.com

### Save water

Manage your controller's programming with your smartphone

### Geolocation of your controller

The location of your controller can be recorded on our MySOLEM app.

### Easy maintenance

Low battery alert, permanent programming save

## MAKE IT SIMPLE
