12-2 Rimmed drawing position numbers mark the assemblies of spare parts. The spare parts, which may be ordered, are marked in a detailed way elsewhere in the spare parts list.

The spare parts marked with „Q” are important for the verification, i. e. at the assembly of these parts the verification seal is destroyed. These parts can be purchased only at authorized Bizerba representations.

On the image and text section spear and wear parts are highlighted with (V).

The content of the parts number list is located before the text pages in the rear part of the spare parts list.
