

Higher voltage corresponds to higher temperature.

Model	Power	12V	9V	7.5V	6V	5V	4.5V	3V
		Applicability						
D2-10	Max 17W	×	×	✓	✓	✓	✓	✓
D2-19	Max 20W	×	✓	✓	✓	✓	✓	✓
D2-21	Max 27W	✓	✓	✓	✓	✓	✓	✓

Caution!

- Take the item out of the packaging and place it on a safe and clean surface.
- The manufacturer is not responsible for any damages resulting from unauthorized use or modifications beyond the instructions.
- Carefully read the manual and keep it at hand. Failure to comply with the instructions may result in accidents, bodily harm, or health hazards.
- The adaptor should only be plugged into a certified power socket.
- Warning: The tips can reach high temperatures when the item is turned on. Improper operation may cause burns or fire hazards. Follow these precautions:
 - Do not use the item near flammable materials.
 - Inform others in the work area about the high temperature and potential hazards of the item.
 - Turn off the main power supply during breaks and after use.
 - Turn off the main power supply before replacing parts or storing, and allow the item to cool to room temperature.
- Always place the item on the stand when not in use. Improper use may cause fire hazards.
- Use extra caution when using the item in places with flammable substances or explosive gases. Heat may ignite combustible materials beyond your line of sight. After use, put the item on the stand and wait for it to cool down before storage.
- Always remember to turn off the power switch before leaving.
- The appliance is not a toy, and must be kept out of children's hands.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the appliance.

Maintenance

- Before use, carefully check and ensure that all parts are in proper working condition.
- Check that all movable parts operate smoothly without any entanglement or damage to the components.
- Any damaged parts should be repaired or replaced by qualified professionals.
- Only use the accessories listed in the manual. Using other tools or accessories may cause harm to the user.
