

(AVP) For Crye JPC™ & MOLLE Carriers

51114

The Adaptive Vest Placard (AVP) upgrades the Crye JPC 1.0™, JPC 2.0™, and several MOLLE/PALs compatible plate carriers and vests by enabling the use of SwiftClip placards and chest rigs from Spiritus Systems, Haley Strategic, Velocity Systems, Mayflower, Ferro Concepts, Esstac Daeodon, and many more (with removable cable management).

- Features:
- Works with the Crye JPC 1.0™ and JPC 2.0™ to allow for the proper placement and ride height of Spiritus, Ferro, Haley, and Mayflower/Velocity chest rigs & placards
- Works with side release buckles & G-Hooks (Ferro & Shaw Concepts)
- Compatible with nav boards and EUD/phone cases (Kagwerks and Juggernaut) and 5th generation communications equipment
- Includes two ITW 1" Quick Attach Surface Mount (QASM) Buckles
- Cable management for cables, antennas, hydration tubes and various pieces of kit (Includes two 3/4" wide pieces of VELCRO® Brand ONE-WRAP® that is removable)
