

The Parlé™ CBC 2500 CM is a ceiling mounted, all-in-one conferencing bar for collaboration spaces where wall mounting might be difficult. Featuring a sleek design that hangs from any open plan ceiling with two discreet cables, the CBC 2500 CM is quickly and cleanly installed with two easy connect mounting points and decorative covers.

With integrated Acoustice Echo Cancellation (AEC) and AI Noise Reduction, the CBC 2500 CM uses a 27-element mic array and Biamp Beamtracking™ technology to actively track and intelligently mix conversations from around the room. Two smart speakers use distortion compensation and dynamic bass enhancement technology to create room filling audio with superior speech reproduction.

The CBC 2500 CM also features Biamp Launch, an automated tuning system that optimizes the audio to each unique conferencing space.

FEATURES

- Beamtracking technology actively tracks and intelligently mixes conversations
- Al noise reduction algorithm for clear voice reproduction
- · Low distortion smart speakers

- · Biamp Launch for one touch automatic tuning
- · LED indications for mute status

- Ceiling mount, cables, and cable cover included
- · Certified for Microsoft Teams and Zoom

ARCHITECTS & ENGINEERS SPECIFICATION

The conferencing audio bar shall be designed to work with soft codec conferencing systems. The conferencing audio bar shall include a twenty-seven element digital microphone array. The conferencing audio bar microphones shall offer multidirectional beamforming and automatic signal tracking capabilities. The Beamtracking technology shall operate in conjunction with acoustic echo cancellation technology (AEC) in accordance with US Patent 9659576. The conferencing audio bar shall have two low distortion speakers. The conferencing audio bar shall include dynamic bass enhancement and distortion compensation technology. The conferencing audio bar shall support an automated audio setup process that optimizes audio output levels after physical installation is complete. The conferencing audio bar shall be mountable in an open ceiling application. The conferencing audio bar shall be CE marked, UL listed, and compliant with the RoHS directive. Warranty shall be three years. The conferencing audio bar shall be the Parlé™ CBC 2500 CM.
