

Aesculap® scalpel blades and single-use scalpels

Some things are simply indispensable.

Aesculap Surgical Technologies

Aesculap® scalpel blades a

Some instruments are indispensable
for a skilled hand

and single-use scalpels

The difference is not always obvious

- Aesculap scalpel blades are made from extra-hard carbon steel with a high cutting quality
- Sterile single-use scalpels with protective blade cover

Quality
"Made by Aesculap"

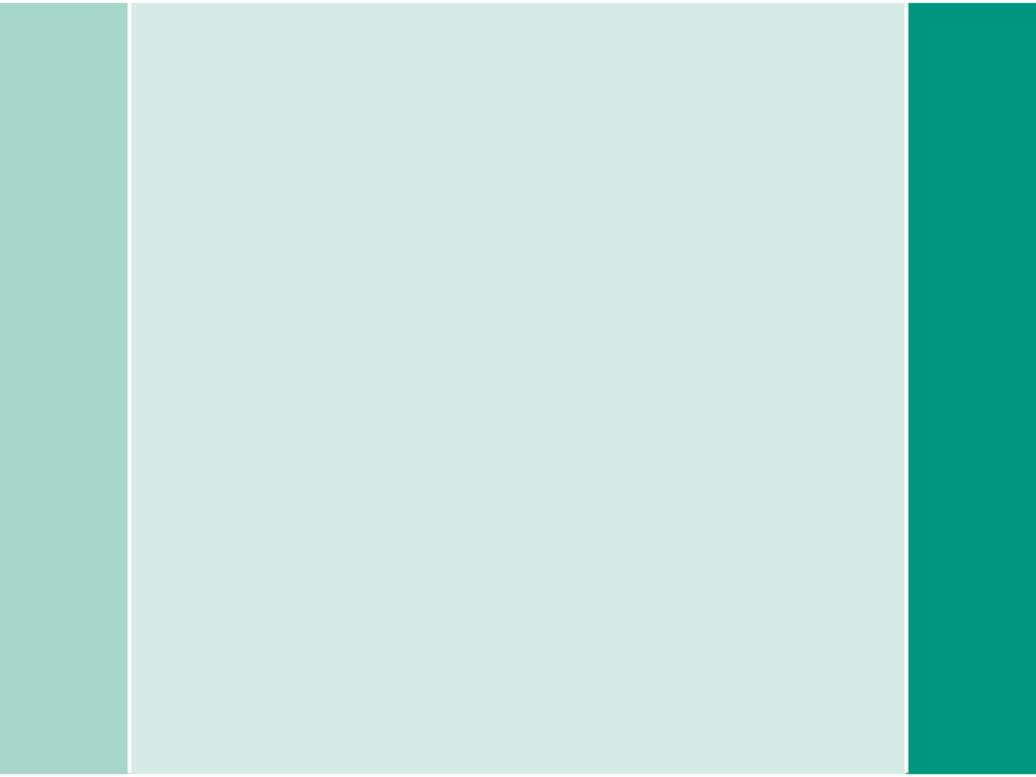

But you can always feel it

Thanks to manufacturing techniques based on high-tech craftsmanship, know-how, experience and care of Aesculap's surgical technicians, you too can experience Aesculap quality.

Aesculap® scalpel blades and single-use scalpels:
pointed – sharp – simply indispensable.
