

# Specification Sheet

**Product name:** Gearbox TSN.02.102

**Type:** Conveyor gearbox

**Application:** Feed conveyor systems (TSN series)

Parameter	Specification
Model	TSN.02.102
Gear type	Cylindrical
Housing material	Cast iron
Shaft material	Steel
Mounting type	Flange mounted
Lubrication	Oil bath
Rotation direction	Reversible
Operating mode	Continuous
Manufacturing	Industrial production

The TSN.02.102 gearbox is designed for reliable power transmission in agricultural conveyor systems. It provides stable operation, high load resistance and long service life when used under recommended conditions.
