

Specification

Connecting Link for Conveyor TSN-2B

Product name: Connecting Link for Conveyor TSN-2B

Application: Used in scraper conveyor TSN-2B for connecting chain elements.

Parameter	Description
Catalog number	TSN-2B.01.015 (typical)
Standard	Manufactured according to technical specifications (TU)
Material	High-strength structural steel
Heat treatment	Optional (depending on operating conditions)
Overall dimensions	According to TSN-2B design documentation
Mounting dimensions	Compatible with standard TSN-2B chain
Weight	Approx. 0.8–1.0 kg
Operating conditions	Agricultural environment, high load

Notes:

1. Dimensions and weight may vary depending on manufacturer.
2. Quality control is performed before shipment.
