

SPECIFICATION

Scraper for Conveyor TSN-3B

Parameter	Description
Product name	Scraper for conveyor TSN-3B
Application	Used in chain-scraper conveyor TSN-3B for material transportation
Material	Structural steel (St3 / S235)
Manufacturing method	Stamping and welding
Overall dimensions	Approx. 120 × 60 × 5 mm
Mounting holes	2 holes Ø12 mm
Weight	Approx. 0.8 kg
Operating conditions	Designed for continuous agricultural operation
Compatibility	TSN-3B conveyor
Condition	New

The scraper is manufactured from high-quality steel, ensuring durability, wear resistance, and reliable operation in harsh agricultural environments.
