

Product Feature

- Active battery equalization improves performance and service life;
- BYD blade cells inside;
- Sleek slim body, fashion design;

Model	BLADE25.6V140Ah
Nominal voltage (V)	25.6
Nominal capacity (Ah)	140
Nominal energy (kWh)	3.58
Charging current (best) A	70
Charging current (max) A	140
Discharging current (best) A	70
Discharging current (max) A	140
Cycle life	6000 cycles @ 80% DoD, 25°C, ≤0.5C
Suggested DoD	80%-90%
Max parallel quantity	15
Warranty	5 years
IP protection level	IP20
Communication	RS485 / CAN / RS232 (optional wifi & bluetooth or 4G, GPS)
Certification	CE, IEC61000, UN38.3, Safe Transportation, MSDS
Weight (N.W./G.W.)	38.5 / 41
Product dimensions (mm)	1180*287*88
Packaging size	1225*335*130
