SPECIFICATION
Wheel Tube 16.5/70-18 for Tractor Trailer 2PTS-9

This specification applies to the wheel tube size 16.5/70-18 designed for use on tractor trailers type 2PTS-9 and compatible agricultural machinery.

Parameter	Specification
Product Name	Wheel Tube 16.5/70-18
Application	Tractor trailer 2PTS-9
Tube Type	Pneumatic rubber tube
Size	16.5/70-18
Material	High-strength elastic rubber compound
Valve Type	TR-218A or ■■■■■■ depending on manufacturer
Operating Environment	Agricultural and transport use
Compatibility	Agricultural trailers and machinery
Temperature Resistance	Suitable for seasonal operation
Condition	New product

Additional Information:
• Designed for reliable operation under agricultural working conditions.
• Manufactured from wear-resistant rubber materials.
• Suitable for long-term ■■■■■■■■■■■■ ■■■■ ■■■■■■■■■■■ ■■■■■ ■■■■■■■■■ ■ ■■■■■■■■■.
• Before installation, inspect the tube and tire for damage.
