Topic : BEV RM TANK 14015341 LAUNCH
Bulletin revision : 15/07/2026 (rev AA)
Target audience : Hyva entities
Products/options involved : Wetkits

1. Introduction

After successfully completing the Customer Acceptance Test phase, we are delighted to inform you that the new Slim RM tank 14015341 has been launched and is available for standard ordering.

This tank was developed to fit behind the cabin on BEV trucks, where available space is severely limited. This ultra-slim tank come pre-assembled in it's cradle, which is designed to mount on the inside of the chassis only. This ensures that it can be installed onto the truck without interfering with the batteries along the chassis. No welding or drilling is required to install this tank. This tank is also perfectly suitable for traditional diesel trucks.

2. Highlights

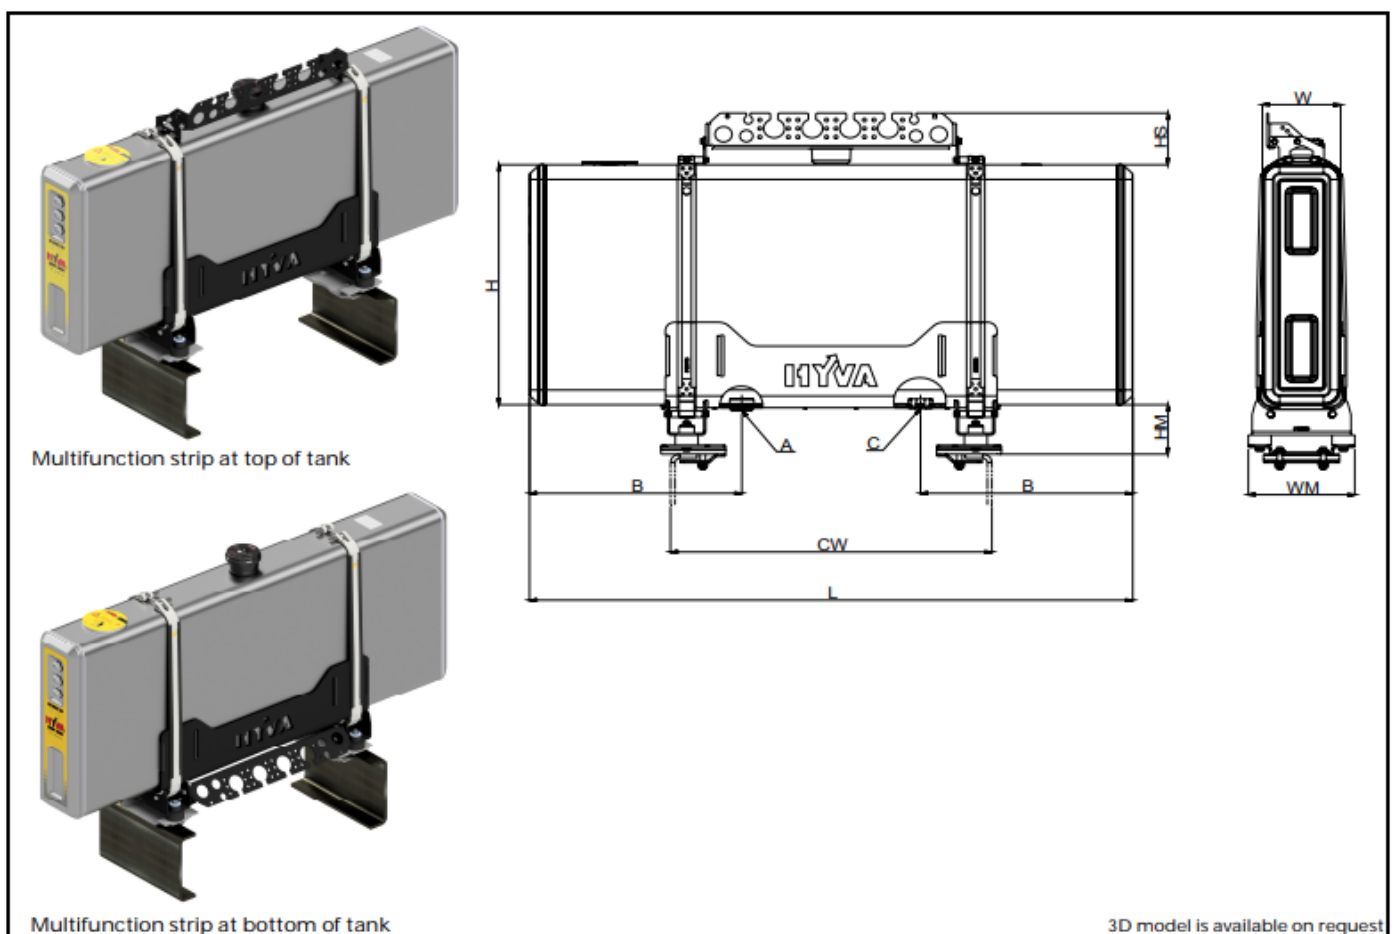

- Slim-profile design for tight spaces behind the cabin.
- Fully assembled tank and cradle design out of the box, reducing installation time and effort.
- Bolt-on solution requires no drilling.
- Multifunctional strip mountable above or below the tank, supporting a wide variety of electrical and hydraulic configurations, including rear cabin light mounting
- Compatible with electric and conventional OEM truck chassis
- Mounts on inside of chassis only, meaning no interference with battery packs

3. Main characteristics

This new tank features:

- ALUMINUM tank body,
- 3 spy eyes providing Working volumes 130, 150 and 170 L.
- Two 1,5" suction ports at the base of the tank.
- Dimensions 200 x 700 x 1580 mm,
- Air breather supplied with the tank.
- Tank pre-assembled in its own cradle.
- Only 8 bolts required to mount the tank and kit to the chassis.

Specifications

Part number	14015341	
Material tank	Aluminium	
Material support	Steel	
Full mounting kit, air breather and multifunction strip included with tank	YES	
Gross volume	211	litres
Working volume 1	170	litres
Working volume 2	153	litres
Working volume 3	136	litres
Weight of tank including mounting kit	59	kg
A: Suction port*	1.5"	BSP
C: Suction port**	1.5"	BSP

Part number	14015341	
W: Width of tank	206	mm
H: Height of tank	702	mm
L: Length of tank	1586	mm
B : Distance to suction port	558	mm
CW: Chassis width range	760 - 950	mm
HM: Height mounting kit	144.5	mm
WM: Width of mounting kit	280	mm
HS: Height Multifunction Strip	151	mm
