

Product data sheet for uvex unigrip PL 6628

The uvex unigrip PL and CL protective gloves in knitted polyester are ideally suited for use in damp and wet working environments. Thanks to the latex coating on the palms and fingertips, the protective gloves offer very good grip, both in dry and wet working conditions. The protective gloves also guarantee a good fit and flexibility thanks to the material composition. This makes the uvex unigrip PL and CL models particularly suitable for work in the construction industry, for example.

Features

- Good mechanical abrasion resistance

Suitability for industrial working environments

- Suitable for damp and oily work environments

Material number	60599
Sizes	7,8,9,10,11
Standard	EN ISO 21420:2020, EN 388:2016 + A1:2018
Standard	EN 388:2016 + A1:2018: 2142X
Performance classes in accordance with EN 388	2 1 4 2 X
Outer material	Polyester (PES)
Coating	Natural latex
Coating surface area	Palm, Fingertips
Type	With knitted cuff
Colour	Red, Black
