The Dumpster™

The Dumpster™ | Product Overview

The Dumpster™ packs away into a tight stretch mesh pocket, staying completely out of the way until you need it. Designed to take up minimal real estate on your belt, it deploys with a single, smooth pull when it's time to retain empty magazines or secure SSE. Constructed from 330D Cordura®, The Dumpster™ brings ultralight durability and streamlined functionality to a proven design.

Features:

- Capacity fits 8 AR magazines
- Single-pull rapid deployment
- Shock cord cinch-top closure to lock down contents
- Mesh bottom for immediate drainage
- Dual mounting: 2" Belt MOLLE and loop backed MOLLE straps
- Weight - 72g
- Constructed from 330D Nylon Cordura®
- Berry Compliant
- Made in USA

Components:

- The Dumpster™

The Dumpster™ (Front)

The Dumpster™ (Back)

The Dumpster™ | Stowing

Stowing away The Dumpster™

1. To stow away The Dumpster™, begin by folding The Dumpster™ into thirds vertically. For best fitment, ensure all three folds are the same size.

2. Next, fold up The Dumpster™ into thirds, up to the top edge, ensuring all three folds are the same size. Be sure to leave the pull tab exposed.

Stowing away The Dumpster™

3. Pull the top stretch hood of The Dumpster™ over the folded portion.

4. Repeat Step 3 with the bottom stretch hood of The Dumpster™. Ensure the pull tab is exposed from the stretch hood.

5. The front stretch hoods should fully cover The Dumpster™ and be neatly folded down.

The Dumpster™ | Quick Installation

Quick Installing The Dumpster™ onto the Bora Belt™

1. For quick installation, adhere the loop side of the two MOLLE straps on The Dumpster™ to the hook velcro on the inside of the Bora Belt™.

2. Tuck the bottom tuck tabs on the two MOLLE straps through the bottom oval laser cut MOLLE slot on The Dumpster™.

The Dumpster™ | Quick Installation

Quick Installing The Dumpster™ onto the Bora Belt™

3. Tuck the ends of the two tuck tabs under the laminate tabs on The Dumpster™.

4. Ensure both tuck tabs are fully seated behind the laminate tabs to fully secure The Dumpster™ to the Bora Belt™.

The Dumpster™ | Installation

Installing The Dumpster™ via MOLLE onto the Bora Belt™

1. Begin with the pouch extended. Weave the two MOLLE straps on The Dumpster™ through the top MOLLE slots on the Bora Belt™.

2. Next, weave the two MOLLE straps back through the top laser cut MOLLE slots on The Dumpster™.
