

# Basic

Compact and  
fast

zumeval

# Features

Our juicers are totally automatic:  
There is no need to cut the oranges  
in half. Just place the oranges in the  
feeder basket and the machine will do  
everything for you at a high speed.

Our exclusive and unique rotating  
system is very attractive and visible,  
which attracts the attention of  
consumers, hence increases juice  
demand.

While squeezing, the juice is not in  
contact with the peel, avoiding the  
contact of the bitter taste with the  
juice.

Equipped with a 0.75 Hp motor and gears of steel, the Basic model is certainly within the range of small equipment, the strongest and most robust machine on the market.

The machine is totally maintenance free.

Easy to dismantle, which takes only one minute, cleaning is really easy and will take less than 3 minutes.

Our exclusive rotative squeezing system

6 fruits capacity feeder tube

Without touching the peel

Stainless steel knife, perfect cut of the orange

Highly resistant front cover screen

Filter which filtrates the seeds

## Places with medium consumption

- × Hotels
- × Restaurants
- × Bars
- × Juice bars
- × Coffee shops
- × Events

# Capacity

---

28

Fruits per minute

---

120

Litres per hour

The perfect solution for places with medium consumption:  
Coffee shops, Bars, Cocktail bars, Small hotels, Small restaurants, Juice bars,...

# Machine options

## ORANGE COUNTER

Counts the amount of oranges that have been juiced by the machine, allowing the customer to monitor consumption.

00525

## AUTOMATIC SHOWER

This option provides a flushing system that cleans quickly the juicing area, saving time and labour cost and keeping the juicer clean and hygienic at all times.

## SELF SERVICE TAP

The easy-to-use automatic tap is connected directly to the motor of the machine. Open the tap and the machine starts running. Close the tap and the machine stops. Perfect solution for buffet services. Anti-dripping system.

## COLOURS

Silver colour

# Stand options

## STANDS

The Basic model allows the possibility to incorporate the Dispenser stand, Self service stand and Cooled dispenser stand.

## JUICE LEVEL DETECTOR

Thanks to this system you can always count on 5 litres of fresh orange juice, automatically and constantly juiced, ready to serve. This system is ideal for self-service and big volume sites.

## BIG CAPACITY JUICE FILTER

Stainless steel Juice Tray and filter, specially designed for buffet service and supermarkets with high consumption. The juice tray has a big Filter with high capacity, double-curved design and a pulp moving stick (Pulp-away system). This option allows squeezing more than 20 liters of juice without cleaning the filter.
