

## Solar Energy PV1-F

<b>Applications:</b>	Single core flexible cables, suitable for fixed installations outside and inside on tray, hung or within conduit, pipes/ducts Ozone Resistant UV Resistant Not suitable for direct burial. Options are available, contact your local sales team for information (also refer to UK Regs)
<b>Nominal Voltage:</b>	600/1000V
<b>Max. Voltage:</b>	1800V DC (Conductor-conductor, non-earthed system, circuit not under load)
<b>Max. Operating Temperature:</b>	90°C to 120°C
<b>Min. Installation and use Temperature:</b>	-40°C
<b>Standard:</b>	TÜV 2Pfg 1169

Size (mm <sup>2</sup> )	Nominal Outer Diameter (mm)	Max. conductor resistance at 20°C (Ohms/km)	Indicative cable weight (kg/km)	BATT p/n BLACK	BATT p/n RED
1x4.0	5.8	5.09	58.7	26016	26019
1x6.0	6.6	3.39	80.1	26017	26018
1x10.0	7.8	1.95	127.8	26020	-
